

### Day Dream 62L

The Daydream 62L is the ultimate trekking backpack for weekend getaways, multiday hiking, or hut-to-hut trips. With multiple access points, including top, front, and bottom compartments, along with outer pockets and a laptop/hydration sleeve, it excels in packability and accessibility. Our updated back system ensures an ergonomic fit for both men and women while quick-drying back foam and cushioning provide all-terrain comfort. Durable yet lightweight, you can hike as you like on any adventure.

- Excellent unisex carry system
- Quick dry contact back panel
- 2 compartments with 3 openings
- Laptop/hydration bladder pocket
- Removable lid with two pockets
- Transport & rain cover included

### Overland 60L

The Overland 60L is the best versatile travel backpack to see the world, from hostel-to-hostel backpacking to mountain lodging. A duffel-style front opening streamlines packing while the top opening and expandable front pocket keep a small daypack, flip flops, or jacket accessible. Navigate transit easily using the foldable hip belt, grab handles, and included rain and flight cover. A durable outer fabric and soft-touch carry system ensure it is clean, comfortable, and always adventure-ready.

- Durable and water-repellent
- Various openings for quick access
- Comfortable back system
- Padlock compatible zippers
- Made of recycled materials
- Transport & rain cover included

### Recor Itsy Bitsy Wallet

Treat yourself to a top travel accessory with the convenience and outdoorsy styling of the Itsy Bitsy Wallet. Made of 100% recycled Cordura® nylon, it is modern, light, and practical. Despite its slim profile, this wallet boasts a zippered opening that securely stores your money, credit cards, and receipts, complete with a coin pocket and card divider. Available in multiple colors, it fits your style and is environmentally friendly.

- Innovative 100% recycled fabric
- Coin pocket
- Card/banknote divider
- Secure zippered closure
- Webbing loop for securing wallet to key clip

### Recor Molecule 30L

The Recor Molecule 30L is a lightweight hiking backpack for men and women, crafted from durable 100% recycled CORDURA® nylon. With a roll-top zippered closure, modular straps, and hip belt pockets, you can simply hike as you like. Modular attachment options and a sophisticated back system are ideal for short weekend hikes or long treks. The roll-top closure adds 7 liters for extra volume, while removable waist belt pockets and compression straps offer weight-saving convenience.

- Lightweight and durable backpack
- Made of strong 100% recycled fabric
- Roll-top with zip for extra 7L
- Highly modular straps and pockets
- Shoulder pocket
- Comfortable, ventilated back system

### Starhopper -5°C sleeping bag

The Starhopper -5°C Sleeping bag is our innovative sleeping bag with mosquito net for colder, wet environments with insects. The durable, yet soft-to-touch outer is filled with premium Primaloft insulation. An inflatable bug net makes open-air or tarp camping and riverside nights relaxing. Zippered arm and leg openings allow you move and double as mesh vents. This synthetic sleeping bag will become your best outdoor sleeping buddy, from kayak trips and marshy trekking to starry nights.

- Wide mummy shape with hood & collar
- Inflatable & packable mosquito net
- Windproof, water-repellent fabric
- Roll-top stuff sack
- Arm and leg mesh openings
- Made of premium recycled materials

## New Release PR and & Section “News” Samples

### Urban Travel Backpack New releases news

Our new travel backpacks feature a sleek design, weatherproof material, and a comfortable carry system. Equipped with a laptop sleeve, organisational pockets, and travel security features, they are great carry-on packs and ideal for navigating urban landscapes, from work to the gym and coffee shops.

### Cloud Pillow New release news

Celebrate a lightweight and luxurious night’s sleep with our Cloud Pillows, no matter where you call it a night. To replicate the feel of your home pillow, our new line utilizes a range of luxurious materials, including supportive memory foam padding, cosy Primaloft, and soft-to-touch fabric. From ultra-light, ultra-packable stuff sleeve designs to a convenient, easy-to-use inflate option, these pillows ensure you’ll rest comfortably on the trail, at hostels and huts, or during travel.

### Adventure Travel Backpack New releases news

Our new adventure travel backpacks provide superior comfort and durability, blending top and duffel loading features. Our updated carry system and foldable hip belt ensure comfort, while multiple pockets provide easy organisation. These packs are ideal for exploring the world, from hostel backpacking to city tours and mountain hut lodging.

### Synthetic Sleeping Bag New release news

We are excited to present our new multi-temperature synthetic sleeping bags for all-weather trekking and wet conditions. Combining recycled Primaloft insulation with strong soft-to-touch fabric delivers premium warmth-to-weight packability with next-to-skin comfort. The wide mummy shape and adjustable hood optimise sleep space and performance. Warm, packable, and easy to clean, these bags are excellent for hiking, bike tours, and kayak trips.
